

MUHAMMAD MAZAHIR

Information Technology Student | Backend & Full-Stack Development | Java & Spring Boot | Oracle

Karachi, Pakistan | +92 301 2375691 | mazahir.m2005@gmail.com

PROFILE

Undergraduate Information Technology student currently in the 6th semester with hands-on experience building full-stack applications using Java, Spring Boot, Next.js, Oracle, and SQL. Experienced through academic and personal projects in REST APIs, database integration, authentication, session management, API integration, and web application development. Strong interest in backend development and software engineering, with a focus on continuous technical growth.

TECHNICAL SKILLS

Programming: Java, SQL

Backend: Spring Boot, REST APIs, JPA / Hibernate, Session-Based Authentication, Webhooks, API Integration

Frontend: Next.js, React, HTML, CSS, Tailwind CSS

Databases: Oracle Database, MySQL

Tools & Technologies: Git / GitHub, Postman, IntelliJ IDEA, VS Code

PROJECTS

Student Information & Management System

Next.js, Spring Boot, Java, Oracle Database, JPA/Hibernate, REST APIs

- Built a full-stack Student Information & Management System using Next.js and Spring Boot.
- Designed and implemented student registration, login, profile management, admin dashboard, student management, and role-based access functionality.
- Integrated Oracle Database with Spring Boot using JPA/Hibernate and managed relational data.
- Developed REST APIs for frontend-backend communication and configured session-based authentication with session timeout handling.
- Implemented activity logging and webhook functionality for event-based system integration.

EXPERIENCE

Software / IT Intern — United Bank Limited (UBL), Karachi

2026

- Gained exposure to a professional enterprise IT environment within a large-scale banking organization.
- Gained exposure to enterprise software development and Oracle database technologies.
- Gained exposure to IT support and software development workflows.
- Collaborated with senior technical staff and developed professional workplace communication skills.
- Learned how enterprise applications and databases are used and maintained in a banking environment.

EDUCATION

Bachelor of Information Technology

2023 – Present

Sir Syed University of Engineering & Technology, Karachi, Pakistan — Currently in 6th Semester

Intermediate — Computer Science

2022 – 2023

Al Hamd College of Professional Education, Karachi, Pakistan

Matriculation

Al-Murtaza School, Karachi, Pakistan

PROFESSIONAL STRENGTHS & LANGUAGES

Professional Strengths: Problem Solving, Analytical Thinking, Communication, Team Collaboration

Languages: English, Urdu
